

Analyst, ESG & Impact

JI Capital Partners is a Singapore headquartered private equity firm that focuses solely on Sustainability and Impact investing in Asia. Founded by a team of seasoned investment professionals with decades of private equity, ESG practices and impact investing experience, JI Capital Partners work with high impact entrepreneurs across Southeast Asia who have developed unique and innovative solutions to address issues with either the environment, climate change or social infrastructure. Validated by world class institutions, JI Capital Partners has developed Best in Class management system in ESG and Impact investing to support its portfolio companies.

We are expanding and would like to add an ESG Manager to join our ESG and Impact practice. The ideal candidate should be a recent graduate with less than 3 years of professional experience and is keen to build a long-term career as a world class ESG and Impact specialist in the finance industry. The role will report to a senior partner of the firm and will be guided by an industry specialist.

Duties and Responsibilities:

- Maintenance of the firm's proprietary ESG management framework and Impact Measurement Compass;
- Work closely with the investment team & external consultant to conduct pre investment ESG assessment of target companies;
- Monitoring of portfolio companies' ESG KPIs and measurement of relevant impact metrics
- Lead coordinator for the firm's annual ESG and Impact reporting publication;

We offer:

- Excellent training and learning opportunity in Best-in-Class ESG practice and impact investing in private equity.
- Regional and multi-industry learning experience
- Exposure to world class resources and best practices in ESG, sustainability and impact investing
- Close mentorship and direct working relationship with senior members of the firm
- Attractive remuneration for the right candidate.

Requirements:

- Good Bachelor or master's degree in relevant field such as sustainability, environmental management, environmental science, engineering and/or economics from a recognised tertiary institution
- Excellent communication skills, ability to multi-task;
- Strong command of written and spoken English and fluency in at least one other Asian language would be preferred.
- Well organized, logical with strong attention to detail, robust and rigorous
- Demonstrated interest in Climate Change challenges, impact investing, and/or sustainability topics
- Candidates with relevant prior work experience from either a consulting firm or an impact investment firm will be viewed favourably
- Fluency in Microsoft Office suite (Outlook, Excel, Word, PowerPoint, etc.)
- Singapore Citizen or Permanent Resident preferred for Singapore office; Position can also be based in Jakarta or Ho Chi Minh City
- Some level of domestic and regional travel is required

Interested applicants,

Please send your CV with a cover letter to info@jicapital.org

Only shortlisted candidates will be notified.
